

Tackling burglary in Sussex - register your company assets today

Operation Magpie is our shared ambition to make Sussex a 'no go' area for burglars.

This month we are appealing to businesses to register their company assets on immobilise.com. This is a free website where you can register the details of your property.

The site isn't just for mobiles and electrical items with serial numbers; you can register absolutely anything using a photo and description. If your premises are burgled and the items you own are on the site then there will be a much greater chance you will be reunited with your property.

[Immobilise.com](http://immobilise.com) is a free website It is totally secure and is recommended by police forces around the UK. Police officers access the system when they deal with lost property or items which are believed to have been stolen.

If property is registered on the site then we can identify who the lawful owner is.

25 million people use immobilise and, every week through the site, hundreds of people are reunited with their lost or stolen property.

Please help us to promote Operation Magpie and tackle burglary in Sussex by taking a few minutes to register your property on immobilise today: www.immobilise.com

A27 Action are keen to ensure businesses are kept informed and involved in the A27 Action campaign to persuade Government.

Louise Goldsmith, leader of West Sussex County Council, met with the Secretary of State for Transport recently to set out the ways in which local businesses and neighbourhoods are affected. He was receptive to those concerns and keen to see tangible evidence which helps support the business case and build consensus amongst businesses in the area.

1. How to show your support

WSSC would like to ask if it is possible for your business to show their support for the campaign. To do this, we simply require a good quality image of your company logo which we can display on the A27 Action website. Please email yopur logo to Sameen.Farouk@westsussex.gov.uk

2. Video Case Studies

WSSC are currently looking into the possibility of developing video case studies which involve local businesses and communities. Some of the arguments and ways in which the A27 affect businesses are better explained by being shown in practise rather than on paper. If your business would like to be involved, please do get in touch by email Sameen.Farouk@westsussex.gov.uk for further details about how to take part.

Enviropower Energy from Waste, Lancing

Teamsport Lancing Karting Grand Prix

The Teamsport Lancing Karting Grand Prix is back for the final time in 2014. Alverstone Autos are the

reigning champions after a superb drive in the last event making them the first name to appear on our lancing GP cup!

The event will be staged on **Monday 8th September at 7.30pm at the usual price of £99 + VAT/team** (of up to 4 drivers). The format will be a 15 minute Practice/Qualifying session followed by a 1 ½ hour flat out race with drivers only stopping for driver changes and penalties.

Teams can book by E Mailing sales.brighton@team-sport.co.uk, these events are usually very popular so book soon to avoid disappointment!

Issue 5 - September 2014
